

Earth Walk

Join us for our 1st Annual Earth Walk

Start out your day of celebrating **Mother Earth** with a peaceful, connected and **educational** walk through one of our city's most natural parks.

Great Plains Earth Institute is sponsoring this **Earth Walk** in coordination with **Great Plains Nature Center**.

The walk will begin with registration in the parking lot of **GPNC**, and on through **Chisholm Creek Park**. You **choose the length, path and speed** of your walk. Bring your walk to a close in the **Nature Center** and enjoy all of the beautiful displays.

During this month of April, when **Earth Day** is celebrated and **Spring** is in its magnificence, it is a wonderful opportunity to be mindful of how much we love and appreciate all **Mother Earth** has given us over the past millions of years. It's easy to get **sponsors (encourage them to walk)**. The contributions can be of any size, will be **greatly appreciated** and will help **support the loving work** of both **Great Plains Earth Institute** and **Great Plains Nature Center**.

Saturday, April 19th - 8:00 to 10:00 am

Great Plains Nature Center
6232 E 29th St N, Wichita

Please go to www.gpei.org, call or email us for sponsor sheets and more information about sponsorship and where the money is going!

And to find out about our other Earth Day Celebrations!
